NAMAKA NOTES

The Annual Meeting of the Namaka School District was held on Wednesday afternoon. Messrs E. F. Wheeler and J. P. Lawrie were elected trustees. Mr. Liggett, School Inspector was in attendance and recommended the building of a large school in preference to forming a consolidated district. The usual routine business was transacted and the various reports adopted.

Mr. E. F. Wheeler left for Edmonton on Sunday evening to attend the N.P.A. Convention on behalf of the Namaka local.

Owing to the state of the roads and the storm, the meeting of the N.P.A. was not held. The members present were not sufficient to form a quorum.

Miss Effie Lawrie is confined to the house at present with an attack of measles.

Mrs. H. E. Thompson entertained a number of friends to supper on Thursday evening.

LAWRIE - SHOULDICE

A very pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. James Shouldice, Calgary, on Wednesday evening, when Mr. R. H. Lawrie, of Graman, was united to Miss E. G. Shouldice. The drawing room was beautifully decorated with flowers and the bride party entered to the strains of a long-playing wedding march. The bride was attired in her gossamer costume and was supported by Miss Ada Burwash, Calgary, while Mr. E. W. H. Lawrie, the best man, A military touch was given to the wedding as each member of the bride party carried service ribbons and quite a number of the guests were service boys.

The Rev. W. A. Smith, Calgary, officiated in a most efficient manner. Shortly after the ceremony the guests sat down to a dainty and appetizing supper served by a number of the lady friends of the bride.

At the conclusion of the supper a number of toasts were proposed. The Rev. Smith proposed the newly married couple and the groom replied.

Mr. Little proposed the health of the bride's family and Mr. J. Shouldice replied.

Mr. E. Wilson proposed the bride and Miss Burwash acknowledged the toast. Mr. J. Shouldice toasted the guests and Mr. A. McKay replied.

The young couple then left for a short stay at Banff and were escorted to the C.P.R. depot by a large number of the guests who gave them a good send-off.

In the future they will reside at Graman where the groom is interested in cattle ranching.

SCHOOL BOARD MEETING

The first meeting of the year 1921 of Strathmore School District was held in the Town Hall on Thursday evening. A full Board was present consisting of Messrs H. F. McDonald, E. E. Zerke, A. Shaw, M. E. Sily, and John Mackenzie, with Mr. J. W. Cope, Secretary-Treasurer.

The new trustees were sworn in, following which Mr. H. F. McDonald was elected chairman for the coming year.

Ditch Seepage
It was stated that no communication had yet been received from the Town Council relative to the seepage from the irrigation ditch to the west of the school, same being last summer flooded the canal of the school.

Health Inspection
It was stated that the Public Health Nurse, Miss Glavin, had visited the school the previous week, and had noted a considerable improvement on the health of the children generally since her last visit six months ago.

The report showed that 134 attend in the school, same being free from defective teeth, and the Board agreed to endeavor to engage one of the dentists employed by Calgary School Board to come down to Strathmore for some days and correct these defects. The details of this were left to a committee.

The Board decided to improve the sanitary conditions re drinking water and ablution basins, which had been recommended for improvement by the nurse. For the present it was agreed to purchase a number of sanitary drinking cups and a committee was appointed to go into the matter of a proper supply of drinking and washing water.

The estimates for the present year were held over, owing to Mr. Zerke having to leave early. It was stated, however, that they would probably not be in excess of last year.

Mr. Williams, school principal, was present, and discussed with the Board a number of matters pertaining to the school.

MOTOR ACCIDENT

Mr. Quint, manager of one of the baintre elevators, narrowly escaped serious injury when he ran into the fence at Mr. W. G. Way's farm, north-east of town. The radiator of the car was smashed, also the windshield, and the motor, but the only injury received by Mr. Quint was a blow over the eye. The car belonged to Mr. H. B. Bell, Mr. Quint having left his own in the garage for repairs.

A large number of beautiful wedding gifts were received by the young couple who have the best wishes for a long and happy married life, from a wide circle of friends.

STRATHMORE VS. BASSANO HOCKEY

Strathmore met Bassano in their second league game of the season on Saturday night at the rink.

The game was fast from the start and resulted in a win for Strathmore after a ten minute overtime period. Score being 2 to 1.

There was some delay during the game owing to engine trouble at the lighting plant which worked out to Strathmore's detriment. This, however will be remedied and will not occur again.

Collison collided with the puck in the first part of the game receiving a nasty cut below the eye which put him out for the balance of the game. Whyte also fared badly in an encounter with the puck and is carrying a large lump as a result.

The whole game was fairly clean and the local boys showed great form and a decided improvement over their last appearance. The fans gave them good support and everyone was well pleased with the exhibition staged. The space for the spectators is well protected from the ice and is well sheltered from the wind enabling them to play full benefit of the game. The teams as played were as follows:

Bassano Team
Flath, Goal, Barriest, Point; McCaugherty, C. Point; Currie, Centre; Ferguson, L. Wing; Scott, R. Wing; Ruppe and Graham, spars.

Strathmore Team
Joe Smith, goal; Harry Way, point; G. Collison, C. Point; J. Gannon; C. Welch, Centre; Whyte, L. Wing; W. Gray, R. Wing; Red Stutz, spare. L. D. Nibbett, Bassano, referred to the satisfaction of both teams.

HOCKEY NOTES

To erratic behavior of the lights at the close of Saturday's game was very exparating, but it is stated that this is the first time this has happened, and that it is not going to occur again. Next winter, if all goes well, we will have juice to turn in Strathmore.

We would appeal to everybody in the town and district to turn out and support the hockey games. There were not so many teams on Saturday night as there should have been, but the late hour probably had something to do with it. It is up to everybody to boost for good clean sport when it is promoted.

Messrs Smith and Harmer have gone to heavy expense in fitting up the rink, and everyone should help them out by buying a season ticket and using it. It will do anyone good to get the skates out and timber up.

Barriest, who played for Bassano, is a brother of Kid Barriest, the noted fighter.

Gleichen defeated Bassano 5-2 on Wednesday night at Bassano, and they are still heading the league. We hope to lower their percentage when they play the return game with Strathmore, probably this evening.

League Standing

Team	W	L	T	Pts
Gleichen	2	0	0	4
Strathmore	2	1	1	5
Bassano	2	0	2	4

Calgary, Alta. According to the report of the Bureau of Statistics, Calgary stands ninth in a list of 41 principal cities judged by industrial progress. The figure five Calgary 230 establishments with 8,885 employees and wages totaling \$4,252,609. The capital investment is \$29,220,000, the cost of materials \$2,284, 629, and the value of products \$21,504,132.

Leithbridge, Alta. The total value from the crop of 546 acres on the 201 farm here was \$56,197, based on conservative average prices for the various crops since they were harvested. This works out to \$69.29 crop value per acre for the whole farm, a very fair achievement.

STRATHMORE GIRLS' INSTITUTE CLUB

A meeting was held on January 14th in the basement of the Union church, with Mesdames McLagan, Venus and Tucker as hostesses and seventeen girls present. A girls' club was formed with the following officers:

President—Miss Violet Thompson.
Vice-Pres—Miss Eva Pope.
2nd Vice-Pres—Miss Hazel Slim.
Secs—Miss Doris Dakosa.
Treas—Miss Kathleen Clevie.

Directors—Misses Margaret Anderson, Stacie Baker, and Edith Gray.

Auditors—Misses Stephanie Chamberlain and Kate Grimshaw.

Superior—Mrs. McLagan.

After a discussion the temporary name of the U-GO-GO Club was adopted.

A very enjoyable evening was spent followed by a dainty lunch served by the hostesses.

POOR DAY THAT C.N.R. HASNT WRECK OR TWO

It would appear that the Canadian National is endeavoring to set its own record in regard to wrecks on the Goose Lake line, as one west-bound freight was wrecked twice yesterday.

The Herald is informed that this freight train left the mile at Phoenix, about one o'clock in the morning. After several hours work, the derailed cars were put back on the steel or hoisted into the clear and the train proceeded. It met with misfortune a second time, however, leaving the rail at Lanfibre. The west-bound passenger was delayed about twenty hours as the result, and public opinion regarding the Goose Lake line is becoming more critical every day.

—Herald, Hanna.

Kirkland, Ont.—A record in gold mining in Canada, and possibly on the continent, has been established by the Lake Shore during the fiscal year which ended November, 1920, according to the claims made by this camp. The average recovery through out the year was 125.62 a ton, more than double that of McIntyre, almost three times Olinizer's net recovery, and three times that of Dome.

Quebec, Que.—Motor vehicles in this city, during the last year, increased by 131 over the over the previous year, the total for this year being 2,622, according to figures given out by the Secretary of the Quebec Automobile Club. Of this number 1, 453 are touring cars, 212 runabouts, 263 trucks, and 94 motor cycles.

ELECTRIC POWER FROM CALGARY

As noted in last issue, a proposition is well forward to light Strathmore with electricity from power sold by Calgary, and carried by high voltage wires over the thirty miles between the two points.

Councillor H. W. B. Bell visited Calgary on Wednesday, and interviewed Mr. R. Brown, city electrician. The scheme was pronounced as quite feasible, and the City Council of Calgary are apparently agreeable to its going through, though details have still to be fixed up.

The total cost of poles and wire throughout the town, would be between \$35,000 and \$40,000. This would include street lighting, but each household or business would have to pay for the connections.

The money would be carried from Calgary on three wires, at a voltage of 23,000. It would be transformed on arriving at Strathmore to a voltage suitable for power and lighting use.

Crossing the railroad line stronger poles set in cement would have to be installed, and permission would also have to be obtained from the Provincial authorities for the right to use the highway.

In addition to the amount required, in town for light and power purposes, it is practically certain that the C.P.R. would be large users, both at the farm and irrigation departments, as the power from Calgary could be supplied at a less cost than they are manufacturing with their own plants at the present time.

The supply would be much superior to that supplied from either steam or gasoline plant operated by the town, as had been figured on earlier.

A meeting of Strathmore Town Council was held last night, at which the subject was thoroughly discussed, but too late to enable us to publish in the present issue.

In addition to town users, the power would be available to farmers situated along the right of way of the transcontinental, and to the local wire, up to 5 kilometers, with an overhead of ten kilometers. The line would run along the main Calgary to Medicine Hat highway, and there are a considerable number of farmers along the line of route, where there was no doubt would be glad to have the power and lighting facilities furnished.

The following report is from the "Calgary Herald" and shows what action has been taken at the Calgary end of the project. The estimate of the power requirements of the town is, however, lower than the amount that would be utilized.

Residents of Strathmore and district met with the city commissioners on Wednesday afternoon to consider the possibility of that town connecting

CARSELAND NOTES

Board of Trade Active-Successful Box Social.

A successful box social was held last Wednesday evening in Stinson's Hall, Cerseland, about 120 ladies and gentlemen were present, and a very enjoyable evening was spent. The music was the best ever heard in Cerseland. The boxes were well fixed up, and a handsome sum was realized for the benefit of the town water fund.

The train service was for one advantage for it enabled the orchestra to get away at 1:30 in the morning.

Calgary Board of Trade held their regular meeting on Monday evening. There was a good attendance, and a number of matters relating to the welfare of the Cerseland district were taken up, including the train and post office matters. Officers were elected as follows: President, A. W. Crumlin; Vice-president, Mike Brown; Secretary, W. Narrowsay; Treasurer, Geo. Coyne. A number of committees were also appointed.

LIQUOR CASE TODAY

Dr. J. W. Giffin and Mr. W. M. Marshall have been summoned for an infraction of the Liquor Act, and the case is being heard at Strathmore today. The offence alleged is that prescriptions for liquor dated January 1 were issued by Dr. Giffin earlier than that date and filled by Mr. Marshall.

Mr. Donkin, of Ardenale Local of the U.F.A., expressed himself at last week's farmers' convention in Calgary as not looking for much improvement in the Weed Act "from a Minister of Agriculture with a short-term mind."

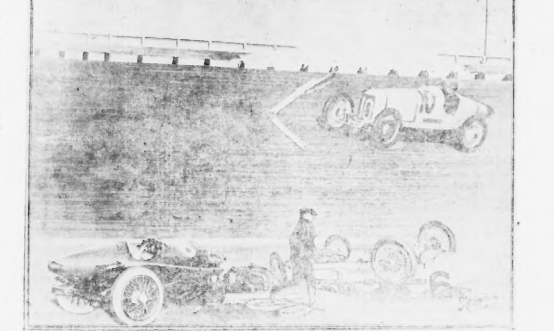

East and West Calgary are third highest in the list of new members enrolled in the U.F.A. Drive.

up with the city power plant. There are a number of the farmers in this district who would be willing to connect up should any arrangement be arrived at, and Commissioner Graves is favorable to the proposition.

A rough estimate of the cost of such a power line is \$35,000, and the amount of power which the town of Strathmore would require would be in the neighborhood of from 75 to 100 horse power. This the city plant could easily furnish with little trouble and so further operating expenditure. Commissioner Graves sees no reason whatever why the city should not supply power to any town along the line, providing the plant is capable of producing same without added expenditure at the plant. Strathmore is 30 miles from Calgary, and the chief outlay would be the construction of a power line.

This is one of the most recent photos of Lady Patricia Ramsey and her ladyship. The Princess, who is the daughter of the Duke of Connaught, was the first royal lady in many years to wed a commoner. Her husband is Commander Alexander Ramsey, R.N.

Nearly A Victim—This composite photograph shows the miraculous escape of Roscoe Searcy on the Los Angeles Speedway recently when Gaston Chevrolet, Eddie O'Donnell and Lyle Jones were killed in a collision of the racing cars driven by Chevrolet and O'Donnell.

UNION BANK OF CANADA

55th ANNUAL STATEMENT—30th NOVEMBER, 1920

Fifty-sixth Statement Reveals Very Strong Cash Position Built Up During Past Year—Total Assets Increased \$60,000,000 Since 1916—Savings Deposits Again Show Marked Increase—Quick Assets to Liabilities Increased From 47.23 to 54.35—There Are Now 393 Branches and Agencies.

The Fifty-sixth Annual General Meeting of the Shareholders of the Union Bank of Canada, was held at the Hotel McMillan, 2nd Floor, at Winnipeg, at twelve noon on Monday, January 18th, 1921.

The President, Mr. JOHN GALT, in the chair.

DIRECTOR'S REPORT

The Directors have pleasure in presenting their report, showing the result of the business of the Bank for the year ended November 30th, 1920.

During the year 13 branches and agencies were opened, and 10 were closed, as follows:

OFFICES OPENED
Branches of Ontario: 1—Bancroft, Manfield, Mississauga, St. John's, Toronto (Dundas and Danforth), Province of Manitoba: 2—Joliffe, McConnell.

OFFICES CLOSED
Province of Manitoba: 2—Gravelly, Hornwood, Marquette, Pelly, Wapiti.
Province of Saskatchewan: 2—Kykville, Pelly.
Province of Alberta: 2—Hinton, Grey Lake, Lethbridge.

The number of branches and agencies in operation at the close of business on November 30th, 1920, was 393.

The number of staff employed at close of business on November 30th was 2,341.

The most important of all branches and agencies have been made.

In accordance with an announcement made to him at the last Annual Meeting, Mr. R. T. Riley, Vice-President of the Bank, has recently resigned from the Board, to devote more time to his own affairs, and Mr. W. R. Allan has been elected Vice-President to succeed him.

To fill the vacancy on the Board, Messrs. G. M. Black and J. N. Finnis, of Winnipeg, have been elected Directors.

JOHN GALT, President.

PROFIT AND LOSS ACCOUNT

Balance at credit at account, 29th November, 1919, \$19,222.57

Net profits, for the year, after deducting expenses of management, interest, discounts, provision for interest and exchange, and making provision for bad and doubtful debts and for rebate on bills under discount, have amounted to \$19,222.57

Which has been applied as follows:

Dividend No. 52, 2 1/2 per cent, paid 1st March, 1920, \$19,222.57
Dividend No. 53, 2 1/2 per cent, paid 1st June, 1920, \$19,222.57
Dividend No. 54, 2 1/2 per cent, paid 1st September, 1920, \$19,222.57
Dividend No. 55, 2 1/2 per cent, payable 1st December, 1920, \$19,222.57
Transferred to Reserve Account, \$19,222.57
Transferred to Reserve Account, \$19,222.57
Contribution to Officers' Pension Fund, \$19,222.57
War Tax on Bank Note Circulation to 30th November, 1920, \$19,222.57
Balance of Profits carried forward, \$19,222.57

General Statement of Liabilities and Assets

AS ON NOVEMBER 30th, 1920

BIG DROP IN FOODS IN COLD STORAGE

Our national supply of food in cold storage today is less than it was a year ago by over twenty million pounds. In fact, only three prime articles show increases and of these only butter is there a really important change. All meat, together with a decline of 7 1/2 million pounds compared with the supply available a year ago. Beef alone has dropped 6 million pounds. The total meat in store at the last return was 67,500,000 pounds which, however great the figures may seem, is not more than about three weeks' supply for overland at the usual rate of consumption. There is still a greater decrease in chicken. The detailed figures are given below:

Decrease	Pounds
Beef	6,192,000
Pork	756,000
Mutton & Lamb	501,000

Increase	Pounds
Butter	1,400,000
Poultry	827,000
Fish	4,892,000
Cheese	2,502,000
Eggs, domestic	1,809,000
Butter	2,172,000
Glycerine	92,000
Frozen Eggs	697,000
	2,962,000

DETROIT SOLVES SNOW PROBLEMS

Tractor Plow Clears 42 Miles Sidewalks in Four Hours

Two men with a tractor and snow plow cleaned the snow from 42 miles of Highland Park sidewalks in four hours, says a Detroit paper which also published a photograph of the Fordson at work.

Richard R. Hughes, Superintendent of Public Service, declares: "At this rate two tractors could clean all of the 126 miles of walks under Municipal Control in Detroit in seven hours."

Formerly this work has required 10 teams and 10 men and if the snowfall was continuous, they were not able to repeat at once because the horses needed rest.

It is said that it is the first time this system has been attempted in the United States and that only the great speed of this type of tractor made the feat possible. Several times the Fordson in question registered a speed of over twelve miles per hour.

GEO. HOADLEY NO LONGER CONSERVATIVE

Mr. Geo. Hoadley, for several years leader of the Conservative party in the Province of Alberta, has announced that he is no longer to be numbered among the ranks of the members of the Conservative Party in the Province.

To a representative of a Calgary newspaper he announced on Thursday evening that from now on he was going to act as an independent farmer representative.

"I have not told anybody," he said, "that I would sit on the cross benches and such a statement is not correct. All I can say is that for the future I will act as I think best in the interest of the farmer."

Mr. Hoadley stated he was leaving the Conservative party because he believed it was not in sympathy with the views he held. His intention was to refuse to recognize necessary things for the assistance of farmers and I cannot help but fight for the farmer," he said.

The member for Okotoks stated that in 1902 he ran as an independent farmer for the North West Assembly. He has always been a viewpoint that the farmer should have ample and real representation on the floor of parliament," he said. "I do not think they have that in any parliament," he said.

"That was my idea in 1902, and because I was defeated I suppose I was ahead of the times," he said. "Today the situation in that respect has considerably changed."

CRAIGANTLER NOTES

The Annual School Meeting was held in the school house on January 8th with quite a good attendance. George Green is our new trustee for the next term, in place of J. R. Crapo, whose term expired.

Newton Hughes is getting his implements and other effects in shape for moving to his new ranch near Edmonton. He is going in for half farming up north.

George Collins, of Youngstown, has bought the Hughes place and the quarter adjoining, is expecting to move in about March 1st.

Harvey Johnston has been away on a trip for his health. He returned on January 15th much refreshed. Some of his friends are trying to find out all about his trip. He looks as well.

The Craigantler School opened on January 19th under Miss Langston, who comes as a stranger to the district. We hope she will like her new charge.

HOSPITAL REPORT

Half Yearly Report of the Strathmore Hospital.

This report covers the six months beginning July 1st to December 31st, 1920.

Number of patients	68
Number of hospital days	621
Cases Treated	
Maternity	16
Accident	12
Surgical	11
Medical	31
Receipts for patients' room	\$19,100.00
Provisional Government grant	\$250.00
Grasswold Municipality	\$100.00
Hay Association	\$50.00
Local Red Cross Society	\$18.00
School Fair Sale of Vegetables	\$7.50

TOTAL \$25,775.50

Expenses for Running Hospital \$23,111.71

The Hospital Board acknowledges with deep appreciation the liberal donations of the local Women's Institute and also of private friends to the need of hospital supplies.

GENERAL PERSHING TO LEAD INAUGURAL PARADE

Gen. John J. Pershing, Commander of the A.E.F., will be offered the post of honor at the head of the inaugural parade on March 4th, according to reports from Washington. The parade promises to surpass in pomp and pageantry, the funeral procession of many years back.

The Strathmore Standard OFFERS YOU A GOOD THING!

A CHANCE TO PICK UP SOME REAL GOOD WINTER'S READING WITHOUT EXTRA COST

By a special arrangement made with the E. H. Heath Co., Ltd., publishers of the Canadian Power Farmer, we are able to offer **OUR WEEKLY** And The **CANADIAN POWER FARMER** For One Year For The Price Of The Weekly Alone.

The Canadian Power Farmer, formerly the Canadian Thresherman and Farmer, is one of the oldest monthly farm papers in Western Canada. Established in 1903, it has become one of the greatest forces for better farming and for better farm conditions. It does not preach. It suggests. It is managed and edited by men who have had practical experience who have closely and carefully studied and kept in touch with agriculture in the prairie provinces. It is

MODERN METHODS OF HANDLING SNOW BLOCKADES

Representatives of the various Motor Leagues, Motor Associations and Manufacturers' Associations, through the Foundation are co-operating to secure the aid of municipal authorities in clearing their traffic on a normal basis during the present winter season.

The problem is one which is going to be tackled in a determined and intelligent manner in the large cities of Canada during this winter. With the approach of winter comes a number of truck owners planned to buy up their trucks believing that it is use in deep snow is impracticable. The place the truck occupies in the community life of today is such that any condition of road or weather interfering with its movements necessarily affects the earnest attention of every business interest.

To a great extent business in general and the public at large passage very apathetic and tolerant attitude toward the snow problem, but the indispensable place in industrial life occupied by the automobile vehicle renders concerted action imperative.

The problem is one which directly or indirectly affects every individual in the community. Industrial expansion has now reached a point where it becomes necessary to educate and arouse public interest in the intelligent and scientific handling of the difficult task attendant upon snow blockades which entail a loss throughout the Dominion of millions of dollars annually.

Within recent years many municipalities have demonstrated the possibilities of well planned action in keeping highways clear. The cost of the work appears heavy it is true, but is insignificant compared with the loss resulting from life traffic.

The City of New York, according to

a conservative estimate made by the Merchants' Association, lost about \$50,000,000 last year through delays caused by snow. A tremendous fight involving the expenditure of close to \$5,000,000, proved ineffectual against the force of effective equipment, and the city seems of well laid plans to encompass the difficulty. This year New York has expended an adequate amount and the battle is well planned.

The retailers, to merchants and manufacturers are not looking to the fact that authorities should be called in. The duty of arousing the proper authorities to the necessity of combating and overcoming the difficulties is left to the community. The retailer, however, is well planned.

The comfort and prosperity of the whole community depend to a large extent on keeping the roads open this winter for the essential traffic. With prompt and persistent effort every few communities will suffer through snow blockades.

LOCAL CHAPTER ROYAL ARCH MASONS INSTALL OFFICERS

On Thursday night of the 25th inst. the regular communication of the local chapter of the Royal Arch Masons was held at the Strathmore Hotel. The ceremony was presided over by E. Comp. H. E. Doherty, of Calgary, assisted by V. E. Comp. W. H. Bates of Edmonton. The new chapter is as follows:
1st. P. M.—E. Comp. H. E. Doherty.
2nd. P. M.—E. Comp. H. E. Doherty.
3rd. P. M.—E. Comp. H. E. Doherty.
Scribe—E. Comp. L. E. O. Lohnd.
Treas.—Comp. W. L. T. Bates.
P. S.—Comp. O. G. Craig.
J. S.—Comp. E. P. Freeman.
M. O.—Comp. R. H. Anderson.
S. O.—Comp. W. P. Jewell.
J. O.—Comp. W. H. Bates.
Janitor—Comp. H. Freeman.

At the close of the meeting the companies and their ladies sat down to the longest table and did ample justice to a dainty spread.

A pleasing feature was the splendid music rendered by Mrs. Watson's orchestra during the meal and between the numbers of the toast list. The toasts were responded to briefly by companies M. M. Downey, T. W. Bates, T. McLean, of Gleichen, and several companions of the chapter and Mrs. (Dr.) A. W. Givin replied to the toast to the ladies.

A most enjoyable dance closed the event and the late hour at which the gathering dispersed may be taken as an indication of the good time enjoyed by all present.

Among the guests present beside the lady friends of the members were M. E. M. M. Downey, Messrs. Cameron, S. M. Walker and Mrs. Kennedy of Calgary, and V. E. T. W. Bates and E. T. McLean, of Gleichen.

Past Principal H. W. H. Bell very kindly donated the music for the dance as a contribution to the Chapter on relinquishing his post as First Principal.

Sudbury, Ont.—Since the inauguration of the "Housing" Commission some two years ago, 41 houses have been built; of these 32 were erected in 1919 and 29 in 1920. The total loans involved aggregated \$200,000.

Local Holdings

OF LOCAL INTEREST
Readers are requested to send in items of local interest, or other of which they may deem it of public interest. All local news items are welcomed by the Standard, please to send them to the Standard, Strathmore, Alberta.

Discontinued and now prepared to do all kinds of electrical work, including painting, with the latest equipment. Will be at the Strathmore Hotel every Sunday from 10 to 5 p.m., or call at the home of Mrs. Ada Chapman. 2519

Mrs. H. E. Doherty, of Calgary, was the speaker at the meeting held on February 1st or September 1st. For a photo note.

Mr. E. Doherty is continuing his subscription to the Standard. The largest have been very largely taken out, but the opportunity is still open, and you don't want to miss it.

Len Norbett, editor of the Standard, is a very versatile editor. He officiated as referee at Saturday night's hockey game.

Bassano's train was largely composed of celebrities. Mr. McCauley, who plays centre, is the present D.H.M. of Bassano. He is, of course, a very capable player. His official capacity on Monday evening. The Bassano boys were a good sport, however, and they also for our lighting system without much musing.

Mr. R. C. Jessup, of the Nanton News, is now a member of the staff of the Standard, taking up his duties at the beginning of last week.

We are very sorry to hear of the accidental death of Mr. Albert Pitt which occurred at his home in the town of Man, where he had been on a winter's visit. The information I contained in a letter received by Mr. S. C. Sorenson, which stated that death was caused by an accident sustained while he was splitting firewood. The deceased was a young man who had been in this district for several years having been employed as a garage mechanic and also a tractor operator. He was very popular and the news of his untimely end will be received with great regret.

A dance and Box Social is being held at Cairnhill school on Friday evening of this week in aid of the school piano fund. A good time is promised, and everybody is welcome.

There is a pronounced change in the weather this week, and a heavy snowstorm occurred on Saturday, along with severe frost, the thermometer, staying down around the zero mark.

A Whist Drive, Box Social and Dance will be held in Strathmore School House on January 26th, 1921, (Wednesday). Everybody come and have a good time. Proceeds towards the piano. Ladies please bring boxes.

We are informed that the marriage took place yesterday of Mr. John Sharp of the C.P.R., and Miss Annie Tait, at the home of the bride's parents, Clyde, Alta. John's friends have been looking forward to the happy event for some time past, and he will receive hearty congratulations on his return with his bride. He is to be located this year as ditch rider near Gleichen. The bride was for several years resident in Strathmore, where she is well known.

The annual meeting of the Parishioners of St. Michael's and All Angels Church will be held on Wednesday evening, January 13th at the Odd Fellows Hall near Barker & Goodrich's Hardware Store. The meeting will be preceded by a supper at 7 o'clock to which all members, adherents, and contributors to the support of the Church are cordially invited to attend.

A subscriber, writing from North Dakota, says he would rather be in Alberta than where he is at any time, conditions being very poor there at present.

Miss Merle Edwards, who was so seriously injured by a shotgun wound, as reported in last week's issue, is getting along well.

Messrs. Barker and Goodrich are making considerable alterations on the interior of their store, and are rearranging their stock.

A PRETTY FLAX PICKER IN ENGLAND

This pretty miss is pulling flax plants on an English farm. The flax is used in the making of linen, book-binding, and for medical purposes. The growing of flax is an important industry in Great Britain and Ireland.

Montreal, Que.—According to cable advice from London, Col. J. R. Ross, 1st, one of the foremost authorities on Canadian emigration, who is in Europe investigating conditions, predicts that the tide from Great Britain and Europe to Canada in the coming spring and summer will be limited only by shipping capacity. After touring France, Belgium, Holland, and Denmark, he is convinced that Canadian prospects from all directions are of the brightest, and the type in all countries, evincing interest of the highest.

DON'T
Don't let your money go to waste. Take your money for any kind of printing by getting you that it can do the work cheaper and better for you than the "cheap" stuff. The fact is that the Standard is the only one in the printing plant house of the Standard is equipped with the machinery necessary to turn out any kind of printing, at the price of the Standard in Western Canada, and to do a first-class job.

Some people tell you that the Standard is a "cheap" paper. The fact is that they get a job with one or two mistakes in it, and get it several months after they have placed the order.

Your local plant exists in a great way when and how you want it. Printing is a manufacturing business, and it is as such, and it is the people of the whole district.

We sometimes don't get the time to go round and canvass for orders, but we can give you the benefit of it in the saving of the amount you ultimately have to pay for the travel for the talk with you.

REMEMBER—Every class of Job Printing. Don't order without getting our prices. STRATHMORE & BOW VALLEY STANDARD.
John Mackenzie, Proprietor.

Mr. Freeman, of the Canadian Selling Service, who so efficiently conducted the handling of Messrs. Beach & Fox's big and successful sale, left on Sunday. The sale as will be noted from the advt. on another page, continues till the end of this week, and many splendid values are still available.

Final secret tests have just been completed on a flying machine invented by a Chicagoan that promises to revolutionize aviation.

MORE PROTECTION TO THE PUBLIC

Union Bank Increased Basis of Quick Assets to Liabilities to the Public from 4.23 per cent to 5.35 per cent.

The general public is always interested in the annual report of the Union Bank of Canada, for this institution has earned the reputation of being one of the most successful and best managed institutions in Canada. The report for the year ended December 31, 1920, is particularly interesting, because it reveals the fact that the bank has materially improved its position during the past year and is today in a stronger and more secure position than it has been at any time during its 56 years of active business in Canada. Liquid and quick assets on November 30th, 1920, totalled \$84,229,547 being equivalent to 5.35 per cent of the total liabilities of the bank to the public as compared with a rate of 4.23 per cent reported in 1919. In view of the very difficult position which our banks have had to contend with during the past year, the achievement of the Union Bank in this respect reflects great credit on the officials of the bank.

Another indication of the steady progress which the Union Bank is making is the increase in savings deposits reported during 1920. Savings deposits in 1919 totalled \$84,276,709 but during the past year they increased nearly one million and a quarter dollars, and on November 30th 1920, stood at the very satisfactory total of \$85,619,144. Total deposits now amount to \$122,324,515.

Two new headings appear in the statement this year which were included in 1919 under "Current Loans in Canada." One of these "Demand Loans in Canada secured by Grain," amounting to \$10,722,754.47 shows plainly that the bank has been rendering valuable service in assisting the marketing of the grain crop. The other new heading is "Loans to Governments and Municipalities," amounting to \$7,648,176.29. These items were totalled with "Current Loans and Discounts in Canada," show \$28,230,716.79, or 1.96 per cent increase over 1919.

Total assets show a very pronounced increase when compared with the figures for 1919, the amounts being as follows: 1916-\$109,610,228; 1920-\$116,265,445. The earnings for the year have been satisfactory and the bank has been able to render even greater service than in the past. The regular dividend at the rate of 13 per cent per annum was paid during 1920 and in addition a bonus of 2 per cent was declared payable on December 1st, 1920. The Personnel of the directorate has been considerably strengthened recently by the addition of two prominent Westerners in Messrs G. M. Black and D. N. Plante while Mr. W. R. Allen, who is the senior member of Allen, Killam & McKee, Winnipeg, has been appointed Vice-President.

The Union Bank now has 325 branches located in all parts of the Dominion and this extensive organization enables it to maintain effectively the high standard of banking which is characteristic of the institution. The bank also has its own office in London, England, and New York.

During 1919 the Union Bank branch set out into international banking field, and through its connection with the Park Union, Park Union Banking Corporation, which is jointly owned and controlled by the Union Bank and the National Park Bank, of New York, it has been able to pave the way in the Far East for Canadian commerce. The Park Union is already on a solid foundation and covers Japan, Korea, Yokohama, Tokyo, Shanghai, Peking and New York.

The OilPull Radiator Can't Freeze

ONE great drawback to the Winter use of the ordinary tractor is the danger of the cooling system freezing and damaging radiator and motor. Then there is the inconvenience of draining and filling every day, not to mention the troublesome and power-consuming fan.

But there's one tractor—the OilPull—from which cooling troubles are eliminated.

The OilPull is cooled by oil—not water. Unlike water, oil does not freeze, even at 40° below—no possibility of a frozen motor or broken parts—no need of draining the radiator.

Unlike water, oil does not deposit scale or sediment—the OilPull circulating system is always open.

Unlike water, oil does not rust the metal parts—oil is a preservative. The OilPull radiator will last the life of the tractor.

Unlike water cooled tractors, which get hotter as the load increases, the harder the OilPull works the cooler it runs. Thus the proper temperature is maintained in the OilPull at all times for perfect kerosene combustion.

It will pay you to investigate the OilPull line. Four sizes—12-20, 16-30, 20-40 and 30-60 H. P.

TO STANDARD AND CHANCELLOR READERS

For the next few weeks we will send the Strathmore and Bow Valley Standard to Standard and Chancellor subscribers to the Standard Enterprise, which recently became defunct owing to the editor having left Standard.

At the same time we are endeavoring to obtain correspondents at Standard, Chancellor, and other points in the district.

The subscription to the Standard is \$2.00 per year and if at the end of a month's time, you wish to continue, kindly notify us to that effect.

The Standard is one of the best weekly newspapers in Alberta, and you cannot go wrong in investing \$2.00 in a subscription. The edition of the Standard you will receive for the next month will probably be a condensed one of 6 to 8 pages, without the general news department, owing to paper arrangements, but once we have our name on our permanent subscription list you will receive complete copies.

DO YOU WANT MORE BUSINESS?

If you are a normal business man you do. The best way to get business is to let the people know what you have to sell, and the reasons they should buy from you.

The cheapest and best way of putting your wares before the public of the Western Bow Valley is through the columns of the Strathmore Standard. Printed circulars are another method, though they cost more than newspaper advertising, and do not get as wide a distribution. There are other methods and they all require the use of printed matter.

For any store or business in Strathmore, or in the Western Bow Valley, or anywhere for that matter, the Strathmore and Bow Valley Standard, up-to-date print plant, stands ready to fill your orders, cheaply, quickly, and in good taste.

The Standard has a circulation of 900, which means over 3000 readers, and the right kind of message in its columns will get you business that will repay you the cost of advertising many times.

STRATHMORE & BOW VALLEY STANDARD.
John Mackenzie, Proprietor

REPORTED WOUNDED IN BATTLE FOR FIUME.

Gabriele D'Annunzio, famous Italian poet-warrior and self appointed dictator of Fiume, who has been wounded in the fighting for possession of the Jugo-Slav city. This is the most recent photo of D'Annunzio to reach this country and shows him in front of his headquarters in Fiume.

Edmonton, Alta.—Building permits issued in this city during the past year were greatly in excess of the previous year, according to the annual report of the building commission. Last year's permit totalled \$2,231,955, as compared with \$937,146 in the corresponding period of 1919. The aggregate of monthly permits this year was 268, as against 267 in 1919.

No. 3 Westbound, 6:15 p.m.

With a total crop valuation of \$3, 27,500 from 7,650 acres under crop, the C.P.R. Irrigation Branch at Lethbridge, including the Canby, Stirling, Raymond, Wellman and Magnolia districts, this year produced at the average rate of \$3.21 gross per acre, and once again the irrigation belt sets up the record for production over a large area in the province of Alberta.
